

TRI-MOUNTAIN

LABOR SAVING, LIQUID STOVE GLOSS.

This is the only article made on scientific principles—it is anti-corrosive, and perfectly free from dust or smell, it will not soil the whitest linen or the hands in its use, consequently there is no injurious effects to the lungs, as there is in the use of black lead.

DIRECTIONS.—Shake, and apply with a common brush; wait until dry, and then rub, when an unrivalled gloss will be produced.

Manufactured by the Tri-Mountain Chemical Company,
CITY OF CHELSEA, MASS,
WILDER & CO., Agents.

Entered according to Act of Congress, in the Clerks Office of the District Court of Massachusetts, in the year one thousand eight hundred and fifty-seven, by WILDER & CO.
